## **Phillip Judt at Absolute Machine Tools Recognized as Emerging Leader in Manufacturing**

CINCINNATI, Ohio – August 2018 – Phillip Judt, an applications engineer at Absolute Machine Tools (Mason, Ohio) has been nominated and named an [emerging leader in the manufacturing industry](#), according to *Production Machining* magazine, a trade publication that has covered the precision machined parts industry since 2001.

The magazine surveyed shops and suppliers to find nominations for individuals under the age of 40 who are making a difference in the precision-machined parts industry, both in their business and in the manufacturing community. The recipients were chosen based on leadership and potential leadership, whether within their own companies or with involvement in the industry.

Only 19 industry professionals were given the honor of being a *Production Machining* magazine “Emerging Leader.”

“I am honored to be recognized for this award,” Mr. Judt said. “Since I’ve been at Absolute I’ve enjoyed helping our customers evolve from cam-operated screw machines to CNC technology. I get energized by problem solving and the implementation of new and innovative ideas to solve manufacturing challenges, and I enjoy training others to do the same.”

### **About Absolute Machine Tools, Inc.**

Absolute Machine Tools, Inc. sells and supports Johnford Bridge & Gantry Mills; You Ji Vertical Turret Lathes; Tongtai Horizontal Machining Centers (former Hitachi-Seiki OEM); Quicktech Multi-Axis Multi-Spindle [Mill/Turn Centers](#); Lico Multi-Slide [CNC Screw Machines](#) and Twin Spindle Multi-Slide Mill/Turn Centers; Nexturn Swiss-type Lathes; AccuteX Wire EDM and Die Sinker Machines; APEC 5-axis Gantry-style Linear Motor Machining Centers; and Precihole Gundrilling Machines.

The company has worked with several of its principal machine tool partners for over 25 years to offer some of the most heavy-duty, accurate, and productive machines in the industry. The company has built its reputation on exemplary applications engineering, service, customer support, comprehensive training, and effective preventive-maintenance programs. In addition to its headquarters in Lorain, Ohio, the company has established direct full-service technical centers in Mason, Ohio; Elgin, Illinois; and Livonia, Michigan.
