

CNC PACKAGE FINANCING

WHY CONSIDER FINANCING?

- **CONSERVE CAPITAL:** Your cash is not tied up in equipment equity, freeing up the capital you need to compete in today's markets.
- **CONVENIENCE:** We offer you turnkey financing arrangements so you avoid lengthy bank applications or budget committee review.
- **TAX INCENTIVES:** Section 179 of the IRS Code allows you to deduct 100% of the purchase of OB7 before you have even paid for it in full.
- **UPGRADE FLEXIBILITY:** Cash purchases or bank financing lock you in, while leasing enables you to easily upgrade equipment during the lease term.
- **LEASING INCLUDES COST OF ACQUISITION:** YOUR PAYMENTS CAN INCLUDE THE COSTS OF DELIVERY, INSTALLATION, & OTHER ONE-TIME CHARGES-

2020 CNC Q4 PACKAGE RATES
